MOWERMAX

**MADE IN
FLORIDA**

ENGINEERED FOR PERFORMANCE

The revolutionary, **3rd Generation MowerMax Boom Mower** is designed and purpose built from the ground up to have the best **Stability, Visibility, Maneuverability and Versatility** of any boom mower on the market. The MowerMax is a heavy-duty boom mower that is also very safe, easy to operate and maintain.

OPTIMUM STABILITY

The MowerMax is designed to have a low center of gravity. The counterweights are mounted directly opposite the boom for maximum benefit and it's easy to add additional counterweights. These features combined with the rear axle stabilizer system, make the MowerMax an extraordinarily stable machine.

INCOMPARABLE VISIBILITY

The MowerMax cab forward design greatly enhances the operator's visibility making for a much more productive and safer cutting experience. Plus the right side of the cab has an unobstructed view.

EXTREMELY SIMPLE & COMFORTABLE

The MowerMax is extremely simple to operate and very comfortable for the operator! The MowerMax is easy to get into and out of with non slip coated steps integrated into the main counter-weight. The cab has a plush, Grammer air-ride suspension seat with tilt and lumbar, a tilt & telescoping steering wheel with steering knob, 6.2in color AM/FM/CD stereo with Bluetooth & optional Backup Camera, and a 7in Control Display.

OUTSTANDING MANEUVERABILITY

The MowerMax has hydrostatic, 2 speed transmission which is operated by two foot pedals and comes with permanent 4 wheel drive with 45% limited slip front axle and 100% operator controlled rear differential lock. The MowerMax Boom also has 4 wheel steering with 3 different steering modes: **1) 4 Wheel Steer 2) Front Wheel Steer or 3) Crab Steer.** These three steering modes allows the MowerMax to be extremely maneuverable and productive. Lastly all of MowerMax booms come with 180 degree rotation with a helical actuator for maximum operating flexibility.

SERIOUS VERSATILITY

The MowerMax Boom is extremely versatile with 4 different boom head attachments as well as the optional front lift arms with universal quick attach mounts that allows you to use over 30 common skid steer attachments.

EXCEPTIONALLY SAFE

ATMAX Equipment knows that boom mowing often happens on busy roads under rough conditions, so safety of the operator and the machine are of utmost importance! **1/2in Lexan Glass** on boom side. **ROPS & FOPS** - Most tractors and other purpose built boom mowers only have ROPS even though all trim trees with them! **Bright Yellow Powder Coated Paint** with 2 front LED daytime running lights, 2 reflective SMV diamonds, 2 - SAE Class 1 strobes, 1 - 35in LED directional control bar, 12 amber/white mini LED flashers, and over 30ft of reflective decals and DOT tape.
